The patented recipe using only the highest quality ingredients blended with nutritious malts creates the secret mix of flavorings yielding the delicious taste of **Golden Malted® Pancakes & Waffles**. The superior taste, texture and aroma makes them truly unrivaled and served in the finest Hotels, Restaurants, Universities and theme Parks globally, earning them many prestigious awards and acalaides.

Quick & Tasty

Our Malted® Waffle & Pancake Flour

Our product is our big success as it differs from all other retailed products. It is cooked in a special way, where nutritious essence of breadstuffs (malt) is mixed with high quality wheat flour, producing Malted Flour. Malted Flour is light, digestible and highly nutritious. Our Malted Flour Waffle and Pancake mix also has significant health benefits as "Malted" flour has a natural digestive quality that helps break down food and fats into nutrients, which the body uses for energy, growth and cell repair, guaranteeing your guests a full and productive day.

Malted flour tends to be naturally sweeter which is why we do not need to add significant sugars to our recipe...

It's great in taste and scent and has a great variety of products such as 97% Fat Free, Cone Flour, Robby's Pancake Mix, Flavored Mix and Vegetarian's Mix.
